

## HOROSCOPE

WEDNESDAY, JANUARY 7, 1920

NEPTUNE rules strongly for good this day, according to astrology. Jupiter and Uranus are adverse. It is a waxy under which foretells and vision are made clear, so that weaknesses in trade relations or diplomatic negotiations are easily discerned.

Outing to the hammock with which the mind sees all sides of any question during this direction of the planets, decisions of every sort are likely to be delayed.

Congress comes under a planetary government making for controversy and disagreement, one of which will affect commerce.

The rule is not favorable to bank-

## New Hair Remover Works "Like Magic"

(Positively Removes Beards and All)

No discovery of greater benefit to hair-removal exists than the new method. It is a waxy under which foretells and vision are made clear, so that weaknesses in trade relations or diplomatic negotiations are easily discerned.

Outing to the hammock with which the mind sees all sides of any question during this direction of the planets, decisions of every sort are likely to be delayed.

Congress comes under a planetary government making for controversy and disagreement, one of which will affect commerce.

The rule is not favorable to bank-

## New Hair Growth After BALDNESS

HAIR GROWN ON MR. BRITAIN'S BALD HEAD BY INDIANS' MYSTERIOUS HAIR GROWER

My head at the top and back was absolutely bald. The scalp was shiny. An expert said that as he thought the hair roots were dying, and there was no hope of my ever having a new hair growth on my head. Yet here, at an age over 60, I have a beautiful growth of soft, shining, brown hair. No trace of baldness. The pictures shown here are from my photograph.

## Indians' Secret of Hair Growth

At a time when I had become discouraged at trying various hair lotions, ointments, and treatments, etc., I came across, in my travels, a Cherokee Indian, "medicine man," who had a claim that he possessed a secret hair growth. Although I had but little faith, I gave it a trial. It was a simple matter to use. I developed, day by day, into a healthy growth, and ere long my hair was as profuse as in my youthful days.

That I was cured and happy is expressed by my state of mind. Observe the hair roots on my head, but were dormant in the scalp, awaiting the fertilizing potency of the mysterious formula. I had been told that the hair roots were dying, and there was no hope of my ever having a new hair growth on my head. Yet here, at an age over 60, I have a beautiful growth of soft, shining, brown hair. No trace of baldness. The pictures shown here are from my photograph.

## How YOU May Grow YOUR Hair

My honest belief is that hair roots rarely die even when the hair falls out through drought, fever, excessive drying, or other causes. I have been told by experts that when hair falls out the roots become involved with the scalp, covered by hard skin, so that they remain for a time like little ovals in a bottle which will grow when fertilized. Shampoo (which contains alkali) and hair lotions which contain alcohol are enemies to the hair, as they dry it, making it brittle. Kotalko contains those elements of nature which give new vitality to the scalp and hair.

## PROVE FOR YOURSELF

Get a box of the genuine Kotalko at a reliable druggist's. GUARANTEE: With each box, a small bottle of Kotalko (with instructions) may be obtained by sending ten cents, silver or stamps, to my address below.

JOHN HART BRITAIN, Station F, New York City

(Tex-Lou-Petroleum Company—Shreveport, La.)

15

I SAY SO'S HOMER BILL

WATCH 3-12-12

It was on August 8th last, early in the morning—around 4 o'clock that the WONDER WELL in the HOMER FIELD drilled by the Standard Oil people blew in with an initial production estimated to be between 10,000 and 15,000 barrels.

Its coming means a new epoch in the oil industry of North Louisiana, and millions of dollars for oil investors.

The news of the Standard's new well spread like wild fire and the attention of investors from the Atlantic to the Pacific, from the Great Lakes to the Gulf, were immediately focused on this NEW RAINBOW'S END, which promises to outlive Burkburnett and Ranger.

Now the BULL BAYOU FIELD is in the LIMELIGHT! And Section 3-12-12 promises to be as sensational a tract as was the Standard's in 29-21-27.

Tex-Lou-Petroleum

(W. B. MANDEVILLE, President)

Not only has valuable acreage in the Homer field, but the company was most fortunate to secure THIRTY ACRES in 3-12-12 less than one hundred and fifty yards from the Texas company's producing wells and a mile from the big gusher that blew in the other day making, it is reported, seven million cubic feet of gas.

Besides this, the company has ten tracts of twenty acres each in the Homer-Bull Bayou-Caddo field and plan to set aside out of stock sales a \$300,000 drilling fund, enough to drill ten wells. Buy this stock while you can get it at \$1.00 a share.

P. S. On New Year's Day old Homer Bill was quiet as a mouse, and forgot his invitation to Gene D'Almondy's house, but he'll be himself on Tuesday as Gene's office you can bet, where the first to hellbilly him gets ten shares of TEX-LOU-PET.

## Bedtime Stories For The Little Ones

UNCLE WIGGILY AND THE CAT'S CRADLE.

BY HOWARD B. GARDNER

ONCE upon a time, as Uncle Wiggily, the bunny rabbit, sat in his little room, he thought of the cat's cradle. He had heard of it many times, but he had never seen it. He decided to make one for himself.

"I s'pose that's for Nurse Jane," said Uncle Wiggily to himself as he sat in his little room. He had heard of it many times, but he had never seen it. He decided to make one for himself.

"Oh, Nurse Jane! Will you please come over and amuse Squashie-Bekie a little? She has a cold and can't go out, and I don't know what to do with her."

Well, as it happens, this time Nurse Jane, the bunny rabbit, sat in his little room, he thought of the cat's cradle. He had heard of it many times, but he had never seen it. He decided to make one for himself.

"Oh, Nurse Jane! Will you please come over and amuse Squashie-Bekie a little? She has a cold and can't go out, and I don't know what to do with her."

The Sign of Good Trucking Service:

Manufacture—Operation—Maintenance

All Directions

from

El Paso, Texas

Your local Firestone Ship by Truck Bureau presents here the Ship by Truck facilities available to all in this city and district. Manufacturers, merchants and farmers have applied and are applying this service to their business with profit to themselves and satisfaction to their customers.

For more information call up the Bureau. The gathering and compiling of this schedule information is only a part of the service we are giving. We have much information of all kinds relating to truck operation and transportation, some of which may be of great importance to you. Helpful data is coming to us constantly from all over the country, through our Headquarters Bureau at Akron. Suppose you see if some of this won't help you. And, in turn, we want any information you can give us that will help the cause.

## SOMETHING GOOD

The worth-while people know what they want. It is characteristic of them and they take the trouble to get it. A pretty short analysis convinces them, for example, what they want in an oil stock. Homer-Claiborne is in a class by itself when it comes to being bought by the worth-while people, as it is being bought in large blocks, so they know that it is a good investment. The real value of Homer-Claiborne's 5 tracts of 177½ acres each and are able to judge the real value of the Homer and Bull Bayou fields, and they also realize their capital is sufficient to drill at least one well on each of these tracts. With its unquestionable personnel, do you wonder at its being appreciated?
